

Dose Excellence Program

Dose Risk Management

Dose Excellence Program: Measure It

Helping Meet Dose Regulatory Guidelines

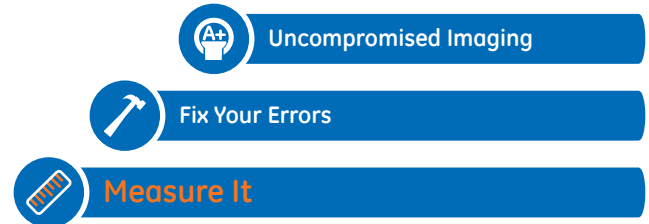

Supporting Patient and Staff Radiation Safety Goals

Ongoing Outcome Optimization Through Analytics & Education

Start with the basics of measuring radiation dose and benchmarking your current dose management processes.

The Measure It program can help you:

1. Meet state legislative and accreditation organization requirements
2. Develop comprehensive understanding of Dose Monitoring Software tool and reports
3. Identify CT protocols above ACR recommended DRL's
4. Practice ALARA Principles confidently

Your Concerns

"I just want to be compliant and tracking dose information is now going to be mandatory so... "

Our Solutions
